Subject: Updated Draft Anaconda Aluminum/CFAC Communication Strategy

Draft Deliberative

Hi Chris,

I'm sending you an updated draft Communication Strategy. These are the messages that I think ought to be delivered to stakeholders. I owe an update to Flathead County Health Department and Sen Tester's, Sen Walsh's and Rep Daines' staff. I'm planning on giving them a phone call today to give them the update that DEQ is going to be working with the current property owners to complete an RI. DEQ may be sending out an AOC to Glencore/CFAC as soon as today, so I was going to give them a call early this afternoon to provide that update.

Let me know if you have any concerns with these key messages (pages 1 and 2).

Thanks,
Rob
